Omar Ehab Einshouka

Cybersecurity Engineer

Nasr City, Cairo, Egypt | +20 102 879 3033 | omareinshouka2001@gmail.com | linkedin.com/in/omar-ehab-82a65b195

SUMMARY

Cybersecurity engineer and CTF player obsessed with turning anything into clear diagrams, passionate about offensive security, learning new technologies, and uncovering their flaws. Active on Hack The Box, with a competitive programming background. Driven to build things that serve humanity. Military service completed (Apr 2025 – Jun 2026).

EDUCATION

B.Sc. in Cybersecurity & Data Analytics, Faculty of Electronic Engineering, Menoufia University — Sep 2019 – Jul 2024

EXPERIENCE

Technical Lead — Mar 2026 – Oct 2026
A97 (Real Estate Startup) — *Cairo, Egypt*
- Built the company's full digital ecosystem from scratch, delivering 4 products for finance, sales, and clients.
- Developed a finance tracker and a web platform for selling real estate leads.
- Built a CRM for the sales and marketing teams, giving admins full visibility into every action across the company.
- Led a team of 3 developers to build a property marketplace with interactive map search, unit comparison, and client property listings.

Offensive Security Intern — Jul 2024 – Aug 2024
Zinad IT — *Internship*
- Performed web application and API penetration testing, and AWS cloud penetration testing.
- Built a detailed penetration testing checklist to standardise assessment coverage.
- Executed red team scenarios with Flipper Zero, Rubber Ducky, deauth attacks, and NFC card hacking.
- Conducted secure code review, application threat modelling, and vulnerability risk assessment.

Cybersecurity Trainee — Aug 2023 – Sep 2023
WE (Telecom Egypt) — *Summer Training*
- Completed CEH v12 training covering the full ethical hacking methodology.
- Used a wide range of security tools to handle attack scenarios and wrote technical reports on findings.

Cybersecurity Trainee — Jul 2022 – Aug 2022
Information Technology Institute (ITI) — *Summer Training*
- Trained in network fundamentals, Windows Server administration, and Red Hat System Administration I.
- Configured and managed FortiGate firewall policies.

Competitive Programming Instructor & Project Manager — 2020 – 2021
IEEE Student Branch – Problem Solving Team — *Menoufia University*
- Solved 400+ algorithmic problems on Codeforces, VJudge, and beecrowd.
- Taught problem solving in C++ to 500+ students online and onsite.
- Managed the project of IEEE summer camp that trained students and prepared them for the ICPC competition.

AWARDS & ACHIEVEMENTS

- **3rd Place** – Cyber Champions CTF, organised by Zinad IT & ITI.
- **7th Place** – ICMTC CTF Finals.
- **9th Place** – Menoufia University Collegiate Programming Contest (ICPC).

CERTIFICATIONS & COURSES

- **EC-Council Certified Incident Handler (ECIH)** – EC-Council, Sep 2024 (Credential ID: ECC3972615408).
- **Cisco Networking Academy** (2021 – 2022): CyberOps Associate, Cybersecurity Essentials, Introduction to Cybersecurity.
- **Mahara-Tech**: Ethical Hacking, OWASP Top 10 (Web) 2021, Network Security, Network Fundamentals, Implementation of Network Fundamentals, Network Virtualization, Python.

SKILLS

Technical Skills
Security: Web & API pentesting, AWS cloud pentesting, vulnerability assessment, exploitation, SQL injection, XSS, CVSS scoring, red teaming, OSINT, threat modelling, secure code review, incident handling, SIEM, cryptography
Tools: Burp Suite, OWASP ZAP, Nuclei, Nikto, WPScan, Feroxbuster, Subfinder, Postman, Metasploit, Nmap, sqlmap, ffuf, Gobuster, Hashcat, John the Ripper, Aircrack-ng, Maltego, FTK Imager, EnCase, Volatility, FortiGate
Programming: Python, Bash, C, C++, C#, JavaScript, PHP, SQL, HTML, CSS, Assembly (familiar)
Systems: Kali Linux, Linux, Windows Server, PowerShell, Networking, Git, GitHub, web scraping

Soft Skills
Engaging presenter who explains complex ideas simply, communication across all fields, makes things happen, technical reporting, Scrum, managing small teams

Languages
Arabic (Native), English (Fluent), German (Conversational)
